**WE'RE THE NEW KID ON THE BLOCK!
AND WE HAVE THE SOLUTION**

**NOW AVAILABLE FOR DIRECT PACKAGING
BY PESTICIDE INDUSTRY FORMULATORS AND LABELERS**

CedarCide® Industries announces the availability of its proprietary active ingredients in bulk form for the packaging of consumer, PCO, animal health, and public entity insect control products. Our "Chemical Free Solution" is EPA approved and requires no registration by the formulator. Proven results via the worlds largest retailers, including Wal-Mart, Kroger, Albertsons and Lowes suggest our formula as a replacement for Diazinon and other chemical based products.

**PRODUCT NO. 9003
INSECT REPELLENT SOLUTION:**

Ready to spray or drench applications.
Available in tanker lots of 5680 gallons.

**PRODUCT NO. 9006
CONSUMER GRADE CONCENTRATE:**

Water soluble for compounding of insect repellent solution or direct bottling. Available in 275 gallon totes.

**PRODUCT NO. 9007
PROFESSIONAL GRADE CONCENTRATE:**

Water soluble for compounding of PCO grade repellent solution and ULV fogging products used in mosquito abatement and agricultural protocol. Available in 275 gallon totes.

**PRODUCT NO. 9008
AND 9009**

Fiber based insect control pellets with a 2% or 4% active ingredient base of cedar oil and a 100% biodegradable inert. A direct replacement for diazinon granules. Available in lots of 50 tons.
